

SOLATO SMART **PRIVATE LIMITED**

**SUSTAINABLE ENERGY
FOR A BRIGHTER TOMORROW**

COMPANY PROFILE 2026

ABOUT US

We are a pioneering renewable energy company in Pakistan, dedicated to delivering innovative and sustainable solar solutions for a brighter future.

We design, engineer, and implement high-performance solar systems for industrial, commercial, and residential clients across the country.

Our team of experienced professionals is committed to quality, reliability, and long-term value through every project we deliver.

With a customer-first approach and a vision for a greener Pakistan, we continue to lead the transition towards clean, efficient, and sustainable energy.

OUR SERVICES

SOLAR CARE 360

Complete protection and maintenance for peak performance and long-term reliability.

TECHNICAL CONSULTANCY

Expert engineering and technical advisory for efficient and optimized solar solutions.

BUSINESS CONSULTANCY

Strategic guidance and business solutions to help organizations grow and succeed.

HOME AUTOMATION

Smart, integrated home automation solutions for comfort, security, and energy efficiency.

INDUSTRIAL SOLUTIONS (SOLAR FINANCING AND PPA)

Empowering industries with reliable, sustainable and cost-effective solar solutions through flexible financing and long-term PPA models.

Solar Financing

Flexible financing options to make solar investments easier.

PPA Solutions

Long-term Power Purchase Agreements with predictable and stable energy costs.

Cost Savings

Reduce electricity bills and improve operational efficiency.

Risk-Free Energy

We design, install, operate and maintain – you enjoy clean energy.

Sustainable Growth

Lower carbon footprint and contribute to a greener Pakistan.
